

SAFETY IN A BOX Easy as 1-2-3

Radarsign's Safety in a Box™ is easy to order, requires no configuration and is a complete package for the end user. This all inclusive sign package has everything needed for installation except the shovel and the concrete. All that is required is digging a hole, pouring the concrete, and installing the sign. It's that easy.

Safety in a Box™ Package includes:

- TC-500S solar powered radar speed sign w/ 30 cm LED display
- 60 cm x 66cm YOUR SPEED faceplate
- 40 watt solar panel with mounting bracket
- Regulatory speed limit sign (choose from 15, 20, 25, 30, 35, or 40 kph)
- Sign extender bracket for the regulatory speed limit sign
- All hardware needed to mount the radar speed sign and solar panel on a pole
- 3.4 meter aluminum pole with breakaway base and pole cap (*optional black decorative pole is available*)
- Concrete form for the pole base and anchor bolts (*aluminum pole only*)
- Armored Bashplate™ provides the most effective vandal protection on the market today
- Bluetooth® wireless operation from your laptop PC
- StreetSmart Data Collection software
- 2 year warranty on parts and labor, including batteries
